

# Introducing...Decision Support to Accommodate ASAM Criteria

Multi-Dimensional Assessment

Client Name: Johnson, Julie      Level of Care: No Episode Assigned

Client Ref #:

Demographics   Acute Intoxic...   Biomedical C...   Emotional Be...   Readiness To...   Relapse Cont...   Recovery Liv...   Summary   Determination

The level of care displayed below is based on the least intensive level of care that was selected in the Interviewer's area in each section.

Level of Care	Acute intoxic...	Biomedical C...	Emotional Be...	Readiness To...	Relapse Cont...	Recovery Liv...	Meets Admission Criteria?	View Criteria Report
Level 0.5 - Education							NO	
Level I - Outpatient treatment	✓	✓	✓	✓	✓	✓	YES	
Level II - Intensive outpatient/partial hospitalization							NO	
Level III - Medically monitored intensive inpatient							NO	
Level IV - Medically managed intensive inpatient							NO	

Level of Care Determination

Selected Level of Care: Level II - Intensive outpatient/partial hospitalization

Reason for Discrepancy: Court ordered for alternative level of care [Add/Edit](#)

Treatment Location and Provider

*Utilizing a Multi-Dimensional Assessment tool to meet YOUR agency's ASAM or other placement criteria needs*

AccuCare, a simple to use, fully cloud-based EHR and billing system, is designed specifically for the behavioral health industry. AccuCare not only has a full array of clinical and billing tools, but also provides decision support to accommodate ASAM and other placement criteria.

- Easily setup and customize all of your placement criteria using required, conditional and exclusions for each dimension/domain and level of care
- Simple to follow process provides final determination (see screenshot above) on levels of care eligibility with option to override and document reason for discrepancy.
- Customize Risk levels according to industry standards or other criteria/guidelines
- Standardize the placement process according to your agency's policy or other stakeholders
- Decision Support links with a brief, but comprehensive multi-dimensional assessment, to guide you through the assessment and placement process
- Print reports including a Q&A summary and a narrative version of the multi-dimensional assessment and the placement determination
